NAI Global Adds South Bend Office with NAI Cressy Commercial Real Estate

South Bend, IN – March 29, 2018: Chris Fielding, Chief Operating Officer of **Cressy Commercial Real Estate** announced that the firm has become part of **NAI Global**, a leading global commercial real estate brokerage firm with over 400 offices worldwide. Effective immediately, the brokerage division of the 70-year-old company will do business as **NAI Cressy Commercial Real Estate**.

Based in the South Bend suburb of Mishawaka (5 miles east of South Bend), Cressy has offices in South Bend and in Grand Rapids, MI. The firm serves St. Joseph County, Elkhart County (the RV capital of the world), Allen County, LaPorte County, Southwest Michigan and West Michigan. Cressy's brokerage team is comprised of 20 experienced agents plus specialized support services that provide property valuations, marketing, closing coordination and technology support.

The firm originated as a residential real estate company that was created in 1948 to serve the post-World War II burgeoning housing market, Cressy has since grown to be one of the region's largest providers of commercial real estate services. The company has been the catalyst behind over \$1 billion in private and public investment in its community. Today Cressy has \$45 million in development projects in the pipeline, all with a focus on continuing to better the community. These local projects include the renovation of a 100-year-old hotel building and the real estate development of a downtown South Bend office facility within the city that is popularly known as home to the University of Notre Dame and its iconic Fighting Irish football team.

Today, NAI Cressy is the only locally operated company with an international platform serving both northern Indiana and southwestern Michigan. The company is proud of its heritage and history and continues to be primarily a family owned company with multiple generations of commercial real estate brokers. **George Cressy**, CCIM, is the CEO of the firm. Cressy was formerly associated with Newmark Grubb Knight Frank.

“Rebranding as NAI Cressy was an easy decision for us. We like the business-minded culture, collaborative approach to pursuing new business or sharing existing clients, and retention of independence from the corporate office. We can still operate as we always have – nimble and with a client-interests first policy, yet we have access to greater resources and offices throughout North America and the world with NAI Global,” said Chris Fielding.

NAI Global President **Jay Olshonsky**, FRICS, SIOR, welcomed the new office to NAI Global.

“We’re naturally pleased with the expansion of coverage in the Central U.S. with NAI Cressy, yet we’re really excited to add the caliber of the firm’s people, local market knowledge, history and connections to the region, which are second to none. Last year we integrated nine new domestic offices to our operations and we’re optimistic that we will do as well in 2018,” Olshonsky said.
